

Specification Sheet

Graviola Standardized Powder

Product name : New-Graviola® Product Code: NGLA Issue Date: Oct 1, 2009	
Possible claims *Results of a neurological study, published in 1998, found that graviola has the capability to stimulate the brain's receptors for serotonin and may have an antidepressant effect [source: <u>Cassileth</u>]. It may also help reduce fever, counteract diarrhea and dysentery, and kill worms and other parasites. It is claimed to help lower blood pressure, To the east, in the Amazon region, the bark, leaves and roots are used by diabetics to stabilize blood sugar. The leaf tea is taken as a heart tonic in Guyana, a liver remedy in Brazil, and a treatment for asthma, coughs and flu in the West Indies. It is also used for arthritis and rheumatism, and some mothers eat and drink the graviola fruit to increase lactation [source: <u>Taylor</u>].
